SUPPOSED SUICIDE

We are sorry to learn of facts which lead to the strong supposition that an old inhabitant, Mr **Norton WEEKS**, of Oak Villa, George-street, has committed suicide. He quitted his house on Monday morning, having left his watch and purse on a table, and after a time anxiety was felt as to his whereabouts, especially as a few months ago he attempted to take his life by cutting his throat. On Tuesday evening news was brought into the town that the fearfully-mutilated body had been found on the shore at the bottom of the Whitecliff near Bembridge, and, as his hat, coat, &c., were found on the cliff it is supposed that he divested himself of these things and made the fearfully fatal leap over the Culvers.
