MISS E. FAIRALL

There died suddenly on Monday night at her home at 14 Trinity Street, Ryde, Miss **Elizabeth FAIRALL**, aged about 75. Miss FAIRALL lived alone and kept very much to herself. Her next door neighbour, Mrs. BRETTE, saw her on Monday morning but did not see her for the rest of the day. Observing the back door to be open she went in. She found Miss FAIRALL huddled up on the floor in a crouching position as if she had been stricken while going about her work. Dr. CHURCHILL was called in and pronounced life to be extinct. The police were informed and the facts reported to the coroner.
