I have only entered the death of the children of Joe & Jane, not the spouses.

My line is from Joseph George, worked on the railway as did his three of his sons, the family were members of the Salvation Army, while  
 the men played in the band, as did his grand sons.

I found the photos during my research of the family, they were taken to Canada by Ellen Kay nee Lacey when she went there in 1894, I  
 am in contact with her gt gt grand daughter Nancy who sent me the copies.
