ISLE OF WIGHT OBSERVER Saturday 16th March 1878, page 4.

OBITUARY

We regret to record the death of Mr. **Richard TAYLOR**, which occurred on Thursday evening, after a somewhat lengthy illness. The deceased had been in failing health for some time, and the death of a favourite child greatly upset him, no doubt contributing to bring on the disease (softening of the brain), which caused his death. Mr. TAYLOR for many years, carried on the business of a chemist, opposite the pier, and was greatly liked and respected.

NB: It was noted that a child Richard TAYLOR age 6, died 1877, (IW Registrars ref: R22/E371)
