DEATH OF CRIMEAN VETERAN - We regret to record the death which occurred at Prince-street early on Monday morning of Mr **W. WINDOVER**, a Crimean veteran and army pensioner, who was over 80 years of age. "Bill" WINDOVER as he was generally known to his friends, was an old Rydeite and a familiar figure on the Pier and vicinity. He was formerly engaged in the yachts and afterwards in the fish trade. With advancing years, his health failed him and he was for some time a patient at the Hospital, returning to his home at his own request.
