

IDEAS FOR ART ACTIVITIES AT RYDE CEMETERY

INTRODUCTION

Ryde Cemetery is an ideal location for Cross Curricular Studies within Key Stages 1 and 2. Obviously it is a great starting point for historical study, be it 'Victorian Britain' or 'Our Local Area', as the culture and society of the Victorian Era are all around you. There is also evidence for the post-Victorian period right up to the present day. However, if the Cemetery is being used for any other curricular study, such as Art, the History box can also be ticked as it automatically includes historical enquiry taught though visits to historic buildings and sites.
