

ISLE OF WIGHT OBSERVER Saturday 22nd February 1868

DEATH OF MR. W. LANE. - We regret to record the death of Mr. LANE, one of our most highly esteemed and useful citizens, which sad event, on becoming known on Monday last, cast a gloom throughout the town. Amongst other works of usefulness he was secretary to the Parish Church Committee, and took the deepest interest in the subject. The greatest possible sympathy is felt for the bereaved family. His remains were interred in the Ryde Cemetery on Thursday morning, many of the shops being partially closed as a mark of respect.
