LONG SERVICE

Mr. Robert FRY, school attendance officer and formerly a member of the old Borough Police Force, celebrated his 80th birthday this week, having completed 58 years of public service. He was transferred to the county authority when the local schools were handed over by the Borough Education Committee. He had previously served the School Board. Mr. FRY is still a very active official and is very painstaking and thorough in the discharge of his duties, regularly cycling round the district in all weathers.
