**SUDDEN DEATH.**---Mr. John Thomas WRIGHT, aged about 50, who came to Ryde for the benefit of his health as recently as October 1, died suddenly on Sunday morning at his lodgings, 14 Nelson-street. Deceased, who was a Naval pensioner and a native of Hatfield, Herts., had been an inmate of the Ware Sanatorium at Hatfield for 18 months until his discharge three weeks before his death. The facts were made known to the Deputy Coroner, but as further enquiries revealed that death had taken place from natural causes an inquest was not deemed necessary.
