

ISLE OF WIGHT OBSERVER Saturday 24th October 1868

We are pleased to hear that Mr. **William COOTE**, pilot, whose license was taken away on the 16th of March last, for allowing an unlicensed man to be placed on board the Tanjore, has now received a notification from the elder brethren that his license will be restored. We trust shortly to hear that the license to the Fox pilot boat, which was also taken away at the time alluded to, will be restored.
